

IBSA Italy will attend

November 5-7, 2019
Frankfurt
Hall 12.1 - Stand 121F42

**SOFT
CAPSULES**

**ORODISPERSIBLE
FILMS**

Orodispersible films and soft capsules are innovative technologies particularly suited for nutraceutical products as they can truly improve patients' compliance and quality of life.

IBSA can provide a **complete contract manufacturing service**, from product concept development to scientific and regulatory assistance, up to large-scale production for European and non-EU markets.
